GitHub: github.com/Brunda-tech | LeetCode: leetcode.com/u/Brunda-17/

## ABOUT

Computer Science Engineering student with a strong foundation in Java, Python, DSA, SQL, and web development. Solved 200+ problems on LeetCode along with problems on HackerRank and GeeksforGeeks. Built academic and personal projects in AI/ML, software development, and web technologies, with a keen interest in problem-solving and building practical solutions.

## EDUCATION

**Dayananda Sagar College of Engineering** — Bengaluru, Karnataka
2025–2029 | BE in Computer Science and Engineering | CGPA: 9.70/10 (current)

## SKILLS

**Programming Languages:** Java, Python, C

**Core:** Data Structures and Algorithms (DSA)

**Web Technologies:** HTML, CSS, JavaScript (Basics)

**Database:** SQL, MySQL

**Data Science & AI:** NumPy, Pandas, Matplotlib, Scikit-learn, Machine Learning, LSTM, GRU, RAG, Local LLMs

**Tools:** VS Code, PyCharm, Git, GitHub, Streamlit, Vercel, Ollama

## PROJECTS

### Solar Panel Fault Detection using Local LLM

- Developed an AI-based solar panel fault detection system using ESP32, LSTM, GRU, and Local Gemma LLM with RAG.
- Built a Streamlit dashboard for fault analysis and data visualization.
- **Technologies:** Python, Machine Learning, LSTM, GRU, ESP32, Streamlit, Gemma LLM, RAG.

### House Price Prediction

- Developed a Random Forest model to predict house prices using property features.
- Built and deployed an interactive Streamlit application.
- **Technologies:** Python, Pandas, Scikit-learn, Random Forest, Streamlit.

### CGPA Calculator

- Developed a web-based CGPA calculator using HTML, CSS, and JavaScript.
- Deployed the application using Vercel.
- **Technologies:** HTML, CSS, JavaScript, Vercel.

### Schememate

- Developing a role-based web platform with registration and login functionality.
- Working with Flask, MySQL, HTML, CSS, and JavaScript.
- **Technologies:** Python, Flask, MySQL, HTML, CSS, JavaScript.

## CERTIFICATIONS

- Generative AI for Everyone — DeepLearning.AI, Coursera
- Programming for Everybody (Getting Started with Python) — University of Michigan, Coursera
- Python Program — Coursera
- SQL Certification — Scaler
- Java Certification — Scaler
- AWS Educate — Course & Credly Badge

## PROFILES
